

THE MOOSE JAW TIMES.

VOL. X.—NO. 4.

MOOSE JAW, N. W. T., FRIDAY, JULY 29, 1898

\$1.50 PER ANNUM.

This Week We will Make a Special Effort in a Few Lines of Seasonable Goods.

Cotton hosiery all sizes; ladies' from 10c. a pair up, heavy ribbed at 15c. and so on up to 50c.

Ladies' silk, lisle and cotton gloves, ladies' silk lace mitts, miss' silk gloves in black and colors, children's gloves all sizes.

Straw hats from 10c. up to \$1.50. See our "straw window." Can fit any size.

Men's socks in cotton—12 pair good cotton socks for \$1.00, black cotton at 20c., 25c., and 30c., cashmere at 35c., 40c., 50c. also all kinds at all prices.

Ladies' ties, a very nice assortment of all the latest from 10c. up.

Have you seen our assortment of gents' ties? Some of the nicest lines ever shown here—prices low.

Take a look over these lines; a pleasure to show you through.

Ladies' belts, belt buckles and belting, belt pins and blouse sets, cuff buttons, lace pins, and a variety of all fancy notions—get prices.

See our linen hats for ladies—very neat, nobby and not expensive, also nice line of straws.

Summer corsets at 75c., also a grand line at 50c. per pair—worth 75c. easy—and up to \$2.50 per pair.

We have a nice range of summer vests in grass linen, white pique, fancy spots; very cool for the hot weather.

Full assortment of gents' regatta, white dress negligee, black sateen, silk stripes and flannellette shirts.

Did you get a summer coat yet? If not R. & H. have a nice range with very moderate prices.

ROBINSON AND HAMILTON.

Business Booming

At J. A. Healey & Co's.

Why?

On account of the values we are giving in Boots and Shoes, Dry Goods, Hardware, Etc.....

A large consignment of dry goods just opened. Splendid values in all staple goods.

IF YOY ARE GOING TO BUILD

WRITE TO FRASER & CAMERON, INDIAN HEAD.

We are Architects and Builders.....

IT WILL PAY YOU TO CONSULT US.

WANTED.

Agents for the greatest of Canadian books, "Life of Gladstone," memorial edition by Hopkins. Canvasback's prospectus now ready. Sells to everybody. Easy to make \$5.00 daily. Be first in the field. BRADLEY-GARRETTSON CO., LIMITED, Toronto.

\$10.00 REWARD!

Strayed from my premises on the evening of the 12th July, a bright bay horse, five years old, branded heart over two circles on left hip, left with harness and rope; when last seen was going south-west. The above reward will be given to any party returning the same. R. BEARD, Moose Jaw.

TO RENT!

A large room to let in the McLean Block. Apply to J. J. McLean.

STRAYED.

Strayed from my ranch at Eye Brow Lake about two months ago one bay team of five-year-old horses. One has four white feet to knees, spot on forehead. The other has a few white hairs on one hind foot. Both have bell brand on right side of neck and both are mane docked. Information thankfully received. Any person returning them to the ranch or leaving them in Moose Jaw will be suitably rewarded. D. A. A. ROSS, Moose Jaw, Assa.

The New Canadian Pacific Railway Depot and Hotel.

The above is an excellent sketch of the south side of the new C. P. R. depot and hotel now in the course of erection at Moose Jaw. The foundation has been completed and the superstructure is being pushed ahead at a rapid rate. The building will be 200 feet long and 32 feet wide. In the centre there will be a 16-foot archway. The eastern end will be a commodious hotel and lunch counter,

with large dining room, sample rooms, laundry, kitchen, twenty-one bed rooms, and all the necessary appointments of a first-class hotel. The western end will comprise the depot, which will have large and commodious waiting rooms to accommodate the traffic coming off the Soo line at this point, and also comfortable and roomy offices for the Superintendent and his staff. The building will be heat-

ed by steam and lighted with acetylene gas, and will have water and sewer connections. When completed it will cost in the neighborhood of \$40,000, and it is without doubt the most substantial structure on the western division. The foundation rests on cement footing and is built with Moose Jaw building stone, which is plentiful throughout the district, with an outside coating of cement,

which makes it proof against weather. The celebrated Moose Jaw red brick will also be used in its construction, while four courses of Calgary sandstone will give it a pretty and substantial appearance. The roof will be of slate. A wide verandah extends the entire length of the building and will be very convenient in hot or rainy weather.

SUCCESSFUL CANDIDATES.

The List of Those Who Successfully Passed the Mid-Summer Examinations.

The following is a list of the successful candidates at the recent examinations for teachers' certificates and public school leaving. As will be noticed Moose Jaw is well represented:

FIRST CLASS.

Thos. Millar Bryce, Alex. Stuart Campbell, Laura Davies, J. W. Smith Eddy, Mabel F. Gray, F. R. F. McKittrick, Wm. J. McWilliams, Thomas H. Porter.

SECOND CLASS.

Kate Winifred Campbell, Agnes Donald, Jessie Grierson, Albert Leslie Gordon, W. Thos. Clements, Geo. Henry Dawson, Ida Bell Dawson, Nellie Earls Kerr, Effie McKenzie, Sophia Miller, Dora Reeve, Wm. Rogers, James Miller, Joseph H. Macey, Edith Macey, Ella M. Scott, Mabel Moore, Mina Cole, Belle M. Durrand, George Durrand, Chas. William Richardson, Kate Timney, Margaret N. Young, Ida Clarke, Robert J. Westgate, Sylvanus Lean.

Candidates, under age, given equivalent standing—Blair Ripley, Percy B. Grant, Charles Truscott, David Thompson.

THIRD CLASS.

Candidates given third class standing on second class papers—Kate C. Cameron, Lillie M. Jopp, Barbara McKenzie, Rachel E. Sharpe, Harold Mortimer Nelson, Emily May Carter, Margaret Cumming, Verna Jane Callender, Fritz Carson, Annie E. Rogers, Hattie E. Banber, May T. Hayden, Lucille J. Denna, Jessie F. Truscott, Robert Wood.

Successful candidates on third class papers—Fanny Purdy, George F. Taylor, John Donohoe, Cora Ethel M. Nicholson, Agnes B. Bryce, Emma Downey, Frances Gibson, Bessie W. Lidgett, Mary M. V. Smith, Maggie Thompson, Mammie J. Thomson, Laura Anderson, Wm. Kirkland Fletcher, Charles Feely, Jessie C. Ferguson, Jennie N. Hunter, Ida Rachel Keys, Mrs. Maria Moulton, Jessie M. McIvor, Victoria A. Phipps, Elizabeth S. Reid, Mary Montgomery, John James Glassford, Bessie Dixon, Helenora Hargrave, Barbara Middleton, Ruth Foster, Ethel Mary Parslow, Laura E. Pennock, Mary V. Rankin, Frances Mary Wright, Edwin Albert Quantz, Lottie Chegwinn, Harriett McCallum, Ellen J. McCartney, Lillian Elizabeth Wallis, Letitia Treen.

Candidates, under age, given equivalent standing—Robert W. Widdess, Ethel Scott, Benjamin H. Thomson, John D. Garbutt, Edith Hensen, Katie McNab, Leland S. Ripley, Lily E. Cavanagh, John H. Cavanagh, Edith A. Bellamy.

PUBLIC SCHOOL LEAVING.

Thos. McCloy, Mary Barager, Jessie McKenzie, Chas. Melton, Arnold Burley, Susie Harris, Morley Whitlinton, Frances Pearce, Lillie Snider, Roma McLeod, Percy McCarthy, Roy Bishop, Louisa Parslow, Elsie Cook, Lizzie Mitchell, Frances A. Clark, James Mitchell, Lizzie Gillespie, Alice Handley, Ethel Mitchell, Samuel Taylor, E. E. Balfour, Lottie Clark, Emma Donnan, Daisy McKay, Florence McKay, Cora Robertson, Mabel Boyd, Judd Buchanan, Walter Miller, Arthur L. Smith, Archibald Jameson, Mabel McCauley, Dora Oliver, Robert Robertson, Donald Ross, Alfred Buckell, Angeline Des Aulniers, Arthur B. Ritchie,

Justina Alcock, Martha Johnson, Paul Holm, May Rollins, Jessie Traill, Mary Traill, William Naismith, Frank Wallace, David Nixon, Bessie Birdsall, Maggie Ireland, Maggie Mitchell, Earl Porter, Mary Rae, G. C. Vanstone, Hannah Greenhow, Norma Williams, William A. Bradden, Flora A. Atwater, Eveline Moore, Allan E. Davis.

Moose Jaw has good reason to be proud of its High School. Last year, in addition to having the satisfaction of seeing 100 per cent. of its candidates successful, it had the honor of passing probably the youngest candidate—Harry Neeland—who ever wrote on a Territorial Third Class paper. This year the record has been fully as good. Compared with the general result of the examinations it is really remarkable. Out of a total of 175 candidates 62 were successful. Moose Jaw's candidates numbered 4 and all were successful. Eight First Class certificates, all told, are granted; two of them come to Moose Jaw, the pupils being W. J. McWilliams and T. H. Porter. The other two candidates—Jno. J. Glassford and Benj. H. Thomson—are writing for Third, and they too succeeded.

This record is most gratifying and one which both the trustees and the public must regard as in every way creditable to the pupils and to the Principal, Mr. A. M. Fenwick.

Northern Indian Titles.

Commissioner A. E. Forget and J. A. J. McKenna, of the Indian Department, Ottawa, have been appointed a commission, with another to be named, to treat for the extinguishment of Indian titles in the provisional district of Athabasca. The commission will hold conferences in June, July and August next year as follows: Lesser Slave Lake, 8th June; Peace River Landing, 13th June; Fort Dunvegan, 16th June; Fort St. John, 21st June; Fort Vermilion, 24th June; Red River Post, 3rd July; Fort Chipewyan, 8th July; Fort Smith, 14th July; Fond du Lac, 24th July; Fort McMurray, 4th August; Wapiscaw Lake, 16th August; Athabasca Landing, 23rd August. Notices of the meetings are being forwarded to all missionaries and H. B. Co. posts in the north.

Brass Band Donations.

The members of the brass band acknowledge with thanks the receipt of the following subscriptions to their fund for the purchasing of new instruments: T. B. Baker, \$5.00; Hitchcock & McCulloch, \$5.00; R. Bogue, \$3.00; Dr. Turnbull, \$5.00; W. W. Bole, \$3.00; C. W. Milestone, \$5.00; W. C. Goudie, \$2.00; Mr. Brown, \$2.00; H. Jagger, \$2.50; R. Beard, \$2.00; J. H. Wellington, \$2.00; R. Manley, \$1.00; R. Martin, \$1.00; J. Maughan, \$1.00; E. Moorhouse, \$1.00; J. R. Lowell, \$1.00; A. McDonald, \$1.00; Lee Turn, \$1.00; R. J. Hood, \$5c.; H. Fowler, \$5c.; R. West, \$1.00; T. Healey, \$1.00; R. Landsborough, \$5c.; J. H. Wilson, \$1.00; W. H. McBeth, \$1.00; Robinson & Hamilton, \$1.00; D. McTavish, \$1.00; R. Plaxton, \$2.00; Mr. McLean, \$1.00; J. A. Crough, \$5c.; H. Mitchell, \$5c. The above and previous subscriptions are an evidence of the esteem in which the band is held by our citizens. The band is making rapid improvement and is worthy of every encouragement.

Masters Frank and Burt Glenn are spending their holidays with Mrs. Latham at Boharna.

A CIVIC HOLIDAY.

Mayor Bogue Proclaims Wednesday Next a Civic Holiday.

Posters are out announcing the C.P.R. employees excursion to Indian Head, which takes place next Wednesday, Aug. 3rd. Needless to say it will be a great success. Mayor Bogue has proclaimed a civic holiday, in order that all who wish to patronize the excursion may leave town without loss or inconvenience. The farming community will be well represented, as few would like to miss this opportunity of seeing the Experimental Farm at Indian Head. The Moose Jaw brass and string bands will be in attendance and furnish music for the occasion.

The following are the rates for the round trip: Moose Jaw and Pasqua, \$1.75; Belle Plaine and Pasqua, \$1.50; Grand Coulee and Regina, \$1.25; Pilot Butte and Balgonie, \$1.00; McLean and Qu'Appelle, 50 cents.

Train leaves Moose Jaw at 7:00 o'clock and arrives at Indian Head at 11:15; returning will leave Indian Head at 19:00 and will arrive home at 23 o'clock.

Everybody come, and be on time, for time and trains wait for no one.

Eastview.

Eastview, July 26.—The many pleasant showers of the past month have been very favorable for the growing grain. Crops of all kinds are doing splendidly, and the farmers are delighted over the prospects of another bountiful harvest. R. Greenoxious weeds inspector, passed through here a few days ago on his way from Regina. He reports that the weed question is becoming a rather serious matter with some of the farmers he has visited. Some, he says, are being compelled to cut their crops in order to get rid of the pest.

The Rev. A. Barner will preach his farewell sermon to the people of this community on Sunday next. Mr. Barner has proved himself to be a very earnest worker in the Lord's vineyard, and it is to be hoped that his labors in this place have not been in vain. During the year he has spent with us he has made for himself many friends, and when he leaves us he will carry with him the good will and wishes of the people.—Mr. Ediecent, our new minister, is expected to arrive from Prince Albert in a short time, and if reports are true, we are very fortunate in obtaining such a man for this field, as he is highly spoken of as a minister.—A number of the people of this neighborhood purpose taking in the Indian Head excursion on August 3rd. We understand Superintendent Mackay has undertaken to make the day a success, so we feel sure that those who attend will not be disappointed.—Our school has closed and is not expected to open again until the new year.—N. Ford, of Buffalo Lake, was visiting friends in this neighborhood on Sunday last. Come again, Norm, we will be glad to see you. SCHAEZ.

James Hawkes, of Caron, who was arrested last week on a charge of stealing a team of mares from A. H. Powell, appeared before Judge Richardson at Regina this week and pleaded "not guilty." He was liberated on bail and the trial fixed for the October sittings of the Supreme Court at this place. T. C. Johnston is prosecuting for the Crown, and W. B. Willoughby is defending.

North-West Assembly.

Regina Leader: The proclamation calling the meeting of the North-West Assembly has not yet been issued, but the probability is that the session will commence upon a date not later than three weeks distant, possibly on the 16th or 18th of August.

Now that we are at the end of July it is to be expected that the Territories will be in the throes of a general election campaign in less than three months. It is not likely that the session will be protracted. Three weeks ought to complete the work to be attempted, which will largely consist in putting further finishing touches to the work of the Consolidation Commission which ended its labors upon the ordinances in March last. Very little new legislation will be introduced. With very few exceptions the present members of the Assembly will offer for re-election. In several ridings other candidates are announced. Mr. Time in Victoria will be opposed by J. W. Shera and F. W. Fane. In St. Albert Mr. Maloney will run again, and other names mentioned are Dr. Thierney of St. Albert and F. Villeneuve of Edmonton. Dr. Brett will be opposed in Banff by Rev. Jno. McDougall of Morley. It is not unlikely that G. W. Brown, the sitting member for North Regina, may have the seat contested by Dr. Willoughby of Regina. Another aspirant for that district is Jno. K. McInnis. Jas. Hawkes of Balgonie and W. Trant of Regina have announced themselves for South Regina, where the sitting member, Mr. Morat, will not offer. Another name favorably mentioned is that of R. H. Williams of Regina. In Canington there are three new candidates.

Noxious Weeds.

Wood Inspector Robt. Green returned from his tour of the eastern part of his district last Saturday and is now inspecting the rural localities of this district. He found weeds very bad north of Regina and around Lumsden; but further east they were not so bad as the season did not seem to be so favorable for them. The crops also are not so good in the eastern part, owing he thought to drought. In this district also he found the weeds making considerable headway, especially in townships 17, ranges 26, 27 and 28. The crops as far as he had went were looking well. While on his tour Mr. Green distributes the pamphlet, "Noxious Weeds and How to Destroy Them." Every farmer should give it a careful perusal.

SCIATIC GUCH!

Excruciating Pains—Have You Suffered Rheumatic or Sciatic Pains?—South American Rheumatic Cure Will Relieve in Six Hours and Cure.

"I suffered intensely with rheumatism and sciatica of my left hip. I tried a great many remedies and a number of physicians, but they could do very little for me, only giving me at times a little temporary relief. I saw South American Rheumatic Cure advertised and decided to give it a trial. The first few doses benefited me wonderfully, and after taking only two bottles the pains disappeared, and there has been no return. I consider my cure a marvel, as I had been so bad for two years that had I been given the whole universe I could not lie on my left side.—R. Ernest, Merrickville, Ont." Sold by W. W. Ryde.

The Moose Jaw Times.

"And what is writ, is writ—
Would it were worthier!" —Byron.

FRIDAY, JULY 29, 1898.

PROSPERITY EVIDENT.

For years Moose Jaw has grown with a steadiness in which there has been no interruption. Season after season has seen new buildings erected and extensive improvements made on old ones. Even during the now almost forgotten "hard times" the town and district was by no means at a standstill; but since the advent of prosperity the supply has never quite caught up to the demand. Hence we have had no boom but a steady and substantial growth. Last season saw fully \$70,000 worth of improvements made in the town and the rural districts surrounding it. But the season of 1898 will, we believe, eclipse last year by nearly double the amount. At the time of writing there is in course of erection one building—the new C.P.R. depot and hotel, a sketch and description of which appears on our first page;—which will, when completed, cost over half the total amount spent in improvements last year. When ready for use the building will be without doubt the best of its kind between Montreal and the coast. It therefore goes without saying that it will for a long time to come be the principal building in Moose Jaw, a building of which our citizens and the C.P.R. may feel justly proud as it will be an ornament to the town and a credit to the company.

Just here we might say that the erection of such a building marks an epoch in the history of Moose Jaw, because it is an earnest of what our town is destined to become, namely, the railroad centre of this portion of the Great West. The Territories are filling up, not so rapidly, perhaps, as some people would wish; but nevertheless large numbers of settlers are coming in and prosperous communities are being formed. Branch railways must follow sooner or later, and these in turn must join the principal highway at a convenient point. We believe Moose Jaw is the natural terminus for these lines, and that the C.P.R. is of the same opinion is manifest by their building such a substantial depot and hotel at this point; and also by their action a few years ago, when, despite the influence brought to bear upon them by a town not a thousand miles distant, they made Moose Jaw the terminus of the Soo line. This leads us to look hopefully forward to the time when we will have railroad connection with the country to the north and south of us.

Taking the new station as a view point, let any citizen look northward and if he is not cheered by what his eyes can see in the way of substantial improvements in the town, we believe that he cannot be cheered by any evidence of prosperity this sublimely abode of man can afford. Let him look, and in every part of the town he will see busy workmen plying their trade. Lumber, brick and stone are being fashioned into fine buildings at a rapid rate, and here and there the material is waiting for the busy mechanics. The farming communities are keeping pace with the town. Besides new farm residences, stables, fencing, etc., two new churches are being erected, which goes to show that our settlers are not forgetful of the Giver of all good things.

But one of the most encouraging features of the situation is, that of the amount being expended little

or nothing is for speculative purposes. The buildings being erected will, in nearly every case be occupied by their owners, or are spoken for when completed. This shows that Moose Jaw is anything but a "boom town" and is a sign of stability and true progress. Prosperity may well be spelled with a capital P.

THE GALICIANS.

With a persistency worthy of a better cause a section of the press is pounding away at the Department of the Interior on account of the number of Galicians who are coming into the country. These papers declare, with more regard to the picturesqueness than to the accuracy of their statements, that these people are the scum of the earth, if not a little worse; that they are being driven from their own country by the authorities; that the Government is paying them \$5.00 a head to come to Canada; that they are bringing moral, mental and physical disease with them; that they are shiftless, thriftless and improvident; that they are non-self-supporting and will always be a charge upon the country; that already other settlers in the section where they are located are complaining of their lawlessness and laziness and that it is only a question of time before murder and arson, robbery and rapine, with every other form of lawlessness, ancient and modern, will be rampant in every place where the Galicians are located.

Carefully collated and placed consecutively in cold type, this string of charges and prophecies looks so absurd and preposterous that many will doubt if the half of them were ever uttered before; but the fact is that this is not one-half the nonsense that has been published. Now what are the facts? We will quote from the Mail and Empire, a paper that will not be suspected of favoring the present Government. The Ottawa correspondent of the Toronto Conservative organ recently referred to the ridiculous way in which several of its contemporaries have been dealing with the subject and then proceeds to quote the latest reports to show that these wild ravings are entirely without foundation. Several colonies of these Austro-Hungarians were located by the late Government and it is not pretended that these in any way differ from those now coming in. A statement of their progress and present condition will be valuable, as they have been long enough in the country to give some indication of how they are likely to turn out eventually.

From the last official report the following facts are quoted in the Mail and Empire:—At Gonor, twenty miles from Winnipeg, there are thirty-two families who have purchased, for cash, farms averaging eighty acres per family. They are a happy and contented people, owning good comfortable homes, commodious stables, horses, cattle, pigs and poultry, and a good supply of farm implements. There are four similar settlements to this in the neighborhood of Winnipeg, with fifteen to twenty families in each, who have in nearly every case purchased their own farms, and there is no doubt that these settlements will do well. There is a much larger colony at Stuartburn, twenty miles from Dominion City. Here there are 250 families, who mostly arrived about a year ago. The majority are well supplied with horses, cattle, swine and implements, and they have built themselves good houses, in many cases superior to those of the older English settlers. In many cases, in the busy season, the men earn from \$1.00 to \$1.25 a day working out, while the women look after the homesteads. At Whitewater, Salteaux and Yorkton, in East Assiniboia, at various points in Saskatchewan, around Edmonton, and at other points the same satisfactory report is made. The solitary exception given by the Inspector seems to be in a small colony near Fort William, in Ontario. In this case the immigrants do not appear to have done well, but they are now arranging to move out to the prairie where, under more favorable conditions, there is no reason to fear that they will do worse than their compatriots.

Such then is the report of the Inspector, as published in the Conservative organ. It is now in order for the traducers of these people to show that those now arriving are in any way worse than the first arrivals, who are doing so well.

Much has been made of the allegations that the Government is paying these Galicians \$5.00 a head as an inducement to come into the country. This is absolutely false. The Government is not, and never

THE DAILY MEETING

Did Not Materialize, But Editor Wilson Gave "The Times" a Few Pointers for the Farmers.

(Crowded out last week.

D. W. Wilson, of Elgin, Illinois, was in town on Tuesday, to give a free lecture to the farmers and those interested in dairying, on the subject of "The Commercial Branch of the Dairy Industry." Mr. Wilson is editor of "The Elgin Dairy Report," a journal devoted exclusively to the dairy industry. He has been engaged by the Dominion Department of Agriculture to deliver a series of lectures in Manitoba and the Territories, and came to Moose Jaw to fulfill his mission, but on account of insufficient notice, the inclemency of the weather, or the fact of it being haying time, the meeting did not materialize, and Mr. Wilson returned to Regina the same afternoon.

Before leaving, however, he imparted to The Times a few pointers for the farmers of this district, and stated a few facts about the success of the dairy industry in Elgin County that gives one a rejuvenated idea of the possibilities of this branch of farming. Forty years ago Northern Illinois was prairie country very little different from the ground of the North-West; immigrants flocked in there; they raised wheat as our prairie farmers are doing, raised it just as cheaply and successfully. The land was so rich and strong that it would never give out, so they believed; but after thirty years uninterrupted wheat growing, Illinois farmers found themselves unable to subsist upon their impoverished land. Pursued by necessity they turned attention to dairying, and with such success that last year Elgin county, a district about one hundred miles square produced 44,000,000 pounds of creamery butter. The output of butter and cheese of that county last year reached a value of \$10,000,000; and besides this the county supplied several millions of gallons of milk for use in the city of Chicago. All the occupants of the county are more or less directly connected with dairying. It has become the staple industry. The sales of the Elgin Board for the week ending June 25th, 1898, amounted to 14,500 tubs, or 870,000 pounds, think of

that. Until 1872 there had been practically no butter or cheese made in Elgin county. Since then the product of the cow has brought \$88,000,000 to the farmers of that district, only a hundred miles square. Of course they manufactured the year round, the winter being the best season. These are truthful figures. What has been accomplished in Elgin can be accomplished in the Territories if the farmers go the right way about it.

Here Mr. Wilson came near home, and said that the farmers of this country were not getting the right benefit from their cows, were not getting the benefit the cows were able and willing to give if rightly treated. Many farmers do not know what a cow is, and if asked to give a correct definition they would be puzzled. In Elgin they called a cow "a machine" for transforming the raw material of "the farm into a food product ready for consumption." In order to enable the "machine" to do the very best work, it is necessary that it be kept in the very best working order. The cow is the most sensitive creature on the farm. It is her maternal instinct that makes her give milk, and the more contented and happy her condition the more milk she will give and richer in quality. Cows should not be harassed by dogs or anything that will excite them. Anything of this nature seriously interferes with their milking capacity. To illustrate this, Mr. Wilson cited the following incident in his own experience: In Elgin they test the cream at the creameries every morning. The cream usually tested about 14 or 15 per cent. One morning a patron arrived at usual, but his cream had dropped to 8 or 9 per cent., and of course he was "chewing the rag" with the butter-maker, when Mr. Wilson arrived on the scene, and asked if anything unusual had happened to the cows. The patron answered in the negative, but Mr. Wilson was bound to get at the facts, and went and interviewed the farm hands. He found that "nothing unusual had happened to the cows, except that they had got into a neighbor's hay yard and he had dogged them home." This explained the poor quality of the cream. "A cow," said Mr. Wilson, "is a very sensible animal." She first attends to her own needs and then you get what's over. If a cow has to work all day to get enough to eat, a good deal of what she eats will go to keep up her strength; but if she can eat sufficient in an hour or so, she will lie down and convert it into milk. The Illinois dairyman knows this and accordingly feeds his cows both winter and summer, besides giving them bran and corn fodder. This is not expensive and adds greatly to a cow's production. Mr. Wilson had informed him that the cows in this district averaged about 4 pounds per week. Why in Elgin a cow was considered third class if she averaged less than ten pounds per week. Besides the direct profit from butter, the dairyman has also the calf, which is a considerable item to be put on the credit side of the dairy account. A pound of oatmeal added to the fresh separated milk will make a better calf than the pound of butter which was taken out of the milk, and the oatmeal costs about 4 cents, while the butter will bring about 20 cents. It does not pay to have low grade cattle. A good Holstein or Durham of the milking strain are good general purpose cows. They give good milk and fill out well. A thoroughbred cow can be kept just as cheaply as a "scrub" and she pays better.

"Wheat is King" is a bad motto, which has been fully demonstrated by the experience of Illinois. Wheat raising eats away the farmer's capital that is his land, while dairying adds to his capital by enriching his land. If the Territorial farmer continues sowing his field year after year he will find this out as they did in Elgin. But since the introduction of the dairy industry there have raised the yield per acre to 40, 50 and 60 bushels. In Elgin, 100 acres of land will support from 60 to 75 cows, but they raise their feed and stable the cows winter and summer.

DR. AGNEW'S CATARRHAL POWDER

Sure—Safe—Quick—and Harmless!

A TWENTY-YEARS' CASE.
P. A. Bottom, of Cookshire, Quebec, says: "I suffered from catarrh for twenty years or more. My case was so bad that my breath was disgusting to myself. During all that time I had tried everything that claimed to cure or relieve catarrh. None did me any good until I used Dr. Agnew's Catarrhal Powder. I got relief after the very first application. It cured me completely, and quickly, and I do highly recommend this great remedy."

A TEN-YEARS' CASE.
Henry W. Francis, an employee of the Great North-Western Telegraph Company, at Brampton, says of Dr. Agnew's Catarrhal Powder: "I was greatly troubled with catarrh in the head for over ten years. I had special treatments by supposed specialists in that trouble, but got no lasting benefit. I was induced to try Dr. Agnew's Catarrhal Powder. One application gave me great relief and four bottles completely cured me."

A SUPPOSED INCURABLE CASE.
Mrs. Geo. Graves, of Ingersoll, writes: "My daughter, aged thirteen, was greatly afflicted for four years with catarrh in its worst form. We used all kinds of cures and doctors with the most skillful physicians for over three years, but to no good. I was recommended to try Dr. Agnew's Catarrhal Powder. I did so, and was astonished at the rapid progress she made towards recovery, and when but two bottles were used she was completely cured. I feel it my duty to give this best testimony to the public."

PUBLIC MEN GIVE TESTIMONY.
Testimony like this printed here is backed up by recommendations from their own signatures of such prominent people as Bishop Sweetman, Toronto; Rev. Dr. Withrow, Toronto; Rev. Manly Fraser, D.D., Hamilton; the Hon. David Mills, Minister of Justice, Ottawa; Robert Beth, M.P., Henry Canby, M.P., Head Rector, M.P., James H. Metcalfe, Wardens Kingston Penitentiary, and hundreds more.

DR. AGNEW'S CURE FOR THE HEART—Gives relief in most dangerous cases of heart trouble in 20 minutes.
DR. AGNEW'S OINTMENT—The quickest Pile and Eczema cure before the public today—35 cents.
DR. AGNEW'S PILLS—For Constipation and Bilelessness—small pills—small doses. 30 cents.

OUR OTTAWA LETTER

A MARVELLOUS INCREASE IN CANADIAN TRADE.

Is the Country Going to the
Dogs with a \$44,000,000 In-
crease in One Year?—An-
other Pre-election Promise
Fulfilled—Now for "Anglo-
Saxon" Penny Postage.

(From Our Own Correspondent.)

Ottawa, July 22, 1898. The extent to
which partyism will carry one, is well
shown by the way in which some papers
have criticized Sir Wilfrid Laurier's
action in insisting upon the immediate
departure of the last remaining members
of the late Spanish Legation at Washing-
ton from Montreal. The "Citizen," for
instance comments editorially: "So an-
xious is he (Sir Wilfrid Laurier) to please
the Americans, that he loses no oppor-
tunity of doing so, he is absolutely in-
capable of taking a straight all Canadian
course." * * In his speech in Parlia-
ment regarding Canadian neutrality in the
Spanish American war, he inconsistently
wandered out of his way to announce his
sympathy with the American cause. The
"Citizen" apparently forgot that this
"anti Canadian conduct" of Sir Wilfrid
Laurier was endorsed and closely follow-
ed by Sir Charles Tupper and many other
Conservative members, and that the only
dissenting voice was indignantly howled
down.

It is very satisfactory to find that all
its contemporaries of the same political
school are not so foolishly biased. The
Toronto "News," for instance, a pro-
nounced Conservative in its views, de-
clares that the Premier could not do any-
thing else, and that "it would be the
height of folly to charge him with un-
due friendship for the United States in
taking such action. In a matter of inter-
national importance like this, the Cana-
dian Government would be in close com-
munication with the Imperial Authorities
and we may well be assured that the un-
pleasant duty so tactfully performed was
only undertaken after the most careful
consideration and with the full con-
currence of the home office, if indeed it
was not at their specific request.

GOING TO THE DOGS.

The trade returns for the fiscal year
ending June 30th have been completed,
and, as foreshadowed in these columns a
week ago, the story is a most gratifying
one. The increase in trade as compared
with 1897 is \$44,000,000, and 1897 was

Well Children

that are not very robust need a
warming, building and fat-forming
food—something to be used for two
or three months in the fall—that
they may not suffer from cold.

SCOTT'S EMULSION

of Cod-Liver Oil with Hypophos-
phites of Lime and Soda supplies
exactly what they want. They
will thrive, grow strong and be
well all winter on this splendid food
tonic. Nearly all of them become
very fond of it. For adults who
are not very strong, a
course of treatment with
the Emulsion for a couple
of months in the fall will
put them through the
winter in first-class con-
dition. Ask your doctor
about this.

Be sure you get SCOTT'S Emulsion. See that the
man and fish are on the wrapper.
All druggists, \$1.00, and \$1.50.
SCOTT & BOWNE, Chemists, Toronto.

ahead of any previous year. The increase
of exports of 1898 over 1897 are \$24,723,
678 and the increase of imports for the
same period is \$19,330,174. While the
increase in the customs revenue is a sub-
stantial one of \$1,983,263, it is worth re-
membering that the duties have been con-
siderably reduced, mainly through the
operation of the preferential tariff. This
latter figure does not include the receipts
from the Yukon, which when re-
ceived will put it well over the \$2,000,000
mark. Forty millions increase in trade
in one year; and the country is
going to the dogs under Grit rule. With
the immortal Mr. Mantalini we are pre-
pared to go to the "demmonition bow-
wows," if the trip can be accomplished
under such advantageous conditions.

A GENERAL ELECTION SCARE.

So we are to have a general Federal
election right away; at least so the Con-
servative press have discovered. But be-
yond the bare assertion little information
is vouchsafed and no particular reason is
given for it. The local organ has dis-
covered that twenty Liberal newspapers have
come out squarely in denunciation of the
Government, but forgets to give the list.
So far from discovering reasons for this
expected appeal to the country, the edi-
torial columns of the Conservative papers
would lead one to exactly opposite con-
clusions. "The country is sick and tired
of the misdeeds of the Government,"
"everywhere there is a desire to return
to the old order of things," "the electors
are waiting a chance to turn the rascals
out," and so fourth and so on. If this is
the real condition of things the Govern-
ment deserves to be defeated, if it is fool-
ish enough to choose so impudent a
moment, when it has two years yet before
it must, by law, go to the country. Of
one thing all parties alike may rest assured
that neither threats nor entreaties will
bring on an election one day sooner than
the interests of the country and the cause
of good government demand.

MR. BLAKE APPRECIATED.

The flattering comments of the English
newspapers upon Mr. Blake's recent
speech in the Imperial House of Com-
mons on the Irish financial claims are re-
ceiving deserved publicity through the
Canadian press, even Conservative jour-
nals giving prominence thereto. What a
pity that public men in this country have
either to die, or retire from active service
—the former preferred—before their op-
ponents can discover any good in their
actions or any honesty in their motives.

DEEPENING THE ST. LAWRENCE CANALS.

Chief Government Engineer Schreiber
has just returned from a tour of inspec-
tion of the St. Lawrence canals and re-
ports excellent progress in the work of
deepening. The original promise was
that the work should be completed in
time for the opening of navigation next
season and like all other pre-election
promises of the present administration
it will doubtless be fulfilled.

GOOD NEWS FOR THE MILITIA.

Members of the active militia service
throughout the country will be interested
in the improved facilities about com-
pleted for rifle practice at the Capital. Thanks
to the practical ideas and energetic work
of Hon. Dr. Borden, who has taken the
matter under his personal supervision,
the new Dominion rifle ranges will be as
near perfection as it is possible to make
them. They will be equipped with 75
targets and besides being a model shoot-
ing ground will afford excellent accom-
modation for the manoeuvring of troops.
It will be a Bisley and Aldershot in one.

CIVIL SERVICE SUPERANNUATION.

With the first of the month the civil
service superannuation scheme, which
had long been a source of wasteful ex-
penditure amounting to even a scandal,
passed out of existence, and the new act
providing for the retirement of members
of the service at no expense to the country,
has taken its place. The act applies to
every person hereafter appointed to the
service, and to all persons now in the ser-
vice who before January next accept its
provisions in lieu of the present system.
A reduction of five per cent. will be made
on their salaries and interest on the fund-
ed amount at their credit to be available
on their retirement or death will be al-
lowed at the rate of four per cent. Thus has
another pre-election promise been fulfilled.

AN ANGLO-SAXON POSTAGE RATE.

The benefit of good works often become
far more extensive than their original
promoters at first anticipated, and thus
we find that, although the Imperial Penny
Postage boon was only conceded ten days
ago, there is already a strong movement
in favor of including the United States
in the scheme. Events develop rapidly
these days. It is only a year since the
Jubilee gave tangible and concrete form
to Imperialism in its highest sense,
only a year since the unification of the
Empire became an accomplished fact.
Now even the vast limits of that union
are too circumscribed and "Anglo-Saxon-
ism" is the new term to conjure with.
No single step in the march of progress
can have greater effect in bringing the
race together than the universal adoption
within its limits of a penny postal rate,
and, as has been universally admitted in
the old country, the pressure brought to
bear by our Government was the chief
influence that won the victory.

OFFICIAL TIME WAGHORN'S GUIDE, 5c

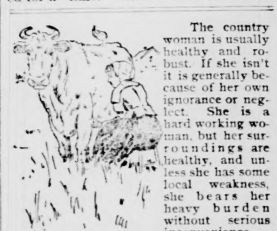

HOME MISSIONS.

The Superintendent of Presby- terian Home Missions Pays Moose Jaw a Visit.

The Rev. Dr. Robertson, Superintendent
of Presbyterian home missions, conducted
the re-opening services in the Presbyterian
church last Sunday. In the forenoon
he preached from the words, "Lord in-
crease our faith," showing the difficulties
of faith in connection with revelation, the
order of Providence, the plan of salvation
and a future life; he showed also how
faith in relation to all these truths could
be made stronger and more effective. In
the evening he gave an address on the
home mission work the Presbyterian
church was conducting in Western Cana-
dian. At the outset he referred to the
importance of religion in our social and
national life, contending that history has
shown that, while nations remained reli-
gious they were moral and stable; but
when they lost faith in God they became
immoral and decayed and fell. He urged
his hearers, consequently, to consider the
importance of religion from the patriotic
as well as the spiritual standpoint. In
Western Canada there was room for from
twenty-five to fifty millions of people.
The prairie was equal in extent to twelve
times all of Ontario between the Ottawa
and Detroit rivers and North Bay and
lakes Erie and Ontario. There was a
range of mountains in British Columbia
150 miles wide and 1300 miles long, pack-
ed with minerals—gold, silver, copper
and lead. The coal and petroleum fields
of the West were very extensive and val-
uable, and the wealth in forest and fish-
eries can scarcely be estimated.

Settlers were coming in steadily, and
although the progress in filling the coun-
try was slow, yet better than that with
schools and churches keeping pace, than that
settlement should outdistance education-
al and religious institutions. Dr. Robert-
son contended, however, that the progress
was not so slow as some imagined. When
he came to Winnipeg 24 years ago the
population numbered 1500 (about the size
of Moose Jaw), now it had reached 30,000
or twice the population of the whole pro-
vince then. The Territories were then
empty and British Columbia had a popu-
lation of 40,000. The population of Brit-
ish Columbia is now three times what it
was then and the Territories has passed the
100,000 mark long ago. The next census
will find 500,000 west of Lake Superior,
and, at the present rate of increase, 800
will likely find the population equal to
that of the Maritime Provinces.

Since a considerable part of the incom-
ing population were foreigners, every ef-
fort should be made to assimilate them.
They should not be hived but distributed
among English speaking people and then
we could depend on schools, churches,
intermarriages and time to do the rest.
Assimilation was necessary for the Dom-
inion was badly made, with two large
ends and a small middle; and to stand a
strain east and west must be thoroughly
loyal. Dr. Robertson touched on the
Mormon question, on the conditions in
the mining districts of British Columbia
and the Yukon, and urged the importance
of combatting prevailing evils with the
religion of Jesus Christ. Drink, gam-
bling and lewdness were a trio which only
God's gospel could meet and correct, and
this it did at every point. Striking in-
stances were given in proof of this con-
tention. In referred briefly to the Klond-
yke, saying that the rush of people to
the Yukon gold fields suggested the de-
sirability of sending a missionary and
R. M. Dickey, a student of Manitoba Col-
lege, was appointed and ordained for the
difficult post. Owing to the rush north-
ward transportation could not be obtained
for a time. The Governor-General

The country woman is a healthy and ro-
bust. If she isn't it is generally be-
cause of her own ignorance or neg-
lect. She is a hard working woman,
but her surroundings are unhealthy, and
unless she has some local weakness,
she bears a heavy burden without serious
inconvenience.
The trouble with too many country women
is that they do not sufficiently realize
the supreme importance of keeping healthy
in a womanly way. A woman's general
health cannot be got if she suffers from
local weakness and disease. If she suffers
in this way, the strongest woman will soon
break down and become a weak, sickly,
nervous, complaining invalid. Dr. Pierce's
Favorite Prescription cures all weakness
and disease of the organs distinctly femi-
nine. It acts directly on these organs,
making them strong, healthy and vigorous.
It cures all weakness, disorders and dis-
placements of the delicate internal organs.
It is the greatest of all nerve tonics. It
banishes the discomforts of the period of
solitude, and makes baby's advent easy
and almost painless. It positively insures
the little new-comer's health and an ample
supply of nourishment. Thousands of wo-
men have testified to its wonderful merits,
and many of them have cheerfully per-
mitted their experiences, names, addresses
and photographs to be printed in Doctor
Pierce's Common Sense Medical Adviser.
The "Favorite Prescription" is sold by all
good medicine stores, and a paper-covered
"Medical Adviser" of 100 pages is mailed
free on receipt of 31 one-cent stamps to
cover cost of postage and mailing. Cloth-
bound 50 cents. Address Dr. R. V. Pierce,
Buffalo, N. Y.
Mrs. Frank Campbell of East Dickinson,
Franklin Co., N. Y., writes: "I deem it my
duty to express my deep, heart-felt gratitude to
you for having been the means of restoring me
to health. My troubles were of the worst—
inflammatory and bearing-down sensations."
Don't suffer from constipation. Keep the
body clean inside as well as outside.
Dr. Pierce's Pleasant Pellets cure con-
stipation and biliousness. They never
grip. All good dealers have them.

was communicated with and he turned
the telegram over to the Minister of the
Interior, who promptly arranged that the
missionary should go with the "Quadra"
from Vancouver to Skagway. The Rev.
Dr. called at the C.P.R. Depot at Winni-
peg when Mr. Sifton passed to the west
to thank him for his courtesy and
to find out where the fare was to be paid.
Mr. Sifton replied, "There is no fare to
be paid; any church that has shown the
enterprise of your church in this matter,
deserves to have its missionaries taken
free." Said a good Methodist brother on
the platform: "I suppose, Mr. Sifton,
you will take our missionaries on the same
terms next spring?" "Not much, Mr. —
You are too late. The Govern-
ment is going out of the carrying
trade, and if you do not send to next
spring you shall have the satisfaction
of paying for transportation yourselves." This
reply provoked some laughter of a harm-
less nature. Since that time three
other missionaries have been sent north
—the Rev. A. S. Grant to Dawson, the
Rev. Jno. Pringle to Glenora, and the Rev.
J. A. Sinclair to take Rev. Dickie's place
since he went to supply Lake Bennett
and Fort Selkirk. Other missionaries are
to follow shortly. The Superintendent
stated moreover that when Major Walsh
was leaving the coast for the interior he
sent him this message: "Fail not to ap-
point a strong staff of missionaries. We
want to have clean, sober honest towns
in the north, and for this purpose one
missionary is as good as six policemen,
and I am an ex-Mounted Policeman." Dr.
Robertson paid a high tribute to His Ex-
cellency and the Hon. Clifford Sifton for
the interest shown and assistance rendered,
and expressed the hope that Canada
might always be ruled by men as anxious
to advance the interests of Christianity.

The growth of the Presbyterian church
in the west was also referred to. In 1870
there were nine preaching stations, 200
members, and the people contributed
\$1500; last year there were 937 stations,
20,000 members and contributions
amounted to \$301,753. Dr. Robertson
was not satisfied with the help the Moose
Jaw Presbyterians gave to this work and
urged greater liberality on the ground of
patriotism and religion.

On Monday, in company with the Rev.
J. S. Dobbin, Dr. Robertson visited the
Buffalo Lake, Marlborough, Pioneer and
Boharm mission fields and inspected the
new church in course of erection at Sum-
merside. He left on Wednesday afternoon
on a similar visit to Regina.

KEEP CLOSE WATCH!

Look to It That You Are Well Guarded
Against That Stealthy Enemy, Kid-
ney Disease—South American Kid-
ney Cure is the Only Remedy Which
Will Relieve at Once and Cure.

Michael McMullin, of Chesley, writes:
"I had been troubled with gravel and
kidney disease for eight years. At times
the pain was so severe I could not lie in
one position for any length of time. I
took South American Kidney Cure ac-
cording to directions. I got immediate
relief. The soreness and weakness all
left. I can testify to the remedy being a
wonderful cure." This stealthy enemy
will not quit you by using pill doses. It
must be a kidney specific—a liquid that
will dissolve all the hard substances, and
carry them off through nature's channel.
South American Kidney Cure does this.
It is a liquid and never fails to cure. Sold
by W. W. Bole.

THE MOOSE JAW TIMES.

MOOSE JAW, N.W.T.

TIMBER REGULATIONS.

New Rules Governing the Granting of Licenses—Mennonite Reserves.

Ottawa, July 22.—Regulations governing the granting of yearly licenses to cut timber on Dominion lands in Manitoba, the Territories, excepting Yukon district, and within twenty miles on either side of the C. P. R. in British Columbia will be given out tomorrow, to take the place of those which have been in force since 1889.

The licensee shall pay an annual ground rent of \$5 per square mile, except for lands situated west of Eagle Pass, in the province of British Columbia, in which case the yearly ground rent shall be five cents an acre. The following crown dues will be collected: Sawm lumber, 50 cents per thousand feet B. M.; railway ties, eight feet long, 1 1/2 cents each; railway ties, nine feet long, 2 1/2 cents each; shingle bolts, 25 cents per cord, and 5 per cent on the sales of all other products of the forest. A rebate of 40 cents per thousand feet B. M. will be allowed on lumber exported from British Columbia to places outside of the Dominion of Canada, provided the licensee can produce evidence to the crown timber agent as to the quality exported.

All lands remaining vacant on Aug. 1, 1898, in the western Mennonite reserve and in townships 1 and 5, in range 6 east, in the eastern reserve, will be thrown open for general settlement, except such portions as are reserved for timber purposes. Vacant lands in the eastern reserve, outside of townships 1 and 5, range 6, will remain open for homestead entry by Mennonites until Nov. 30, 1898, after which, if not taken up, they will be thrown open for general settlement.

Drowned in Lake Winnipegosis.

Dauphin, July 22.—Word has just been received of the drowning on Lake Winnipegosis at 3.30 yesterday afternoon of John McNeill and James Padfield of Rigby. The parties had accompanied the St. Andrew's excursion from here and had gone for a sail with H. C. Ross and three strangers, and the boat capsized in a squall. McNeill clung to the boat until exhausted when he slipped off and never rose. Ross and Padfield endeavored to make the shore, but the latter's strength failed and he went down. Ross reached shore and at once gave the alarm. Boats were sent out to the rescue and the survivors were found on a shoal about ten miles from Winnipegosis. The victims were among the oldest and most respected families of the district. The accident has cast a gloom over the whole community.

CANADIAN OARSMEN WIN.

Argonauts of Toronto Win the Fourth Oared Championship of America. Philadelphia, Pa., July 22.—The twenty-sixth annual regatta of the National Association of Amateur Oarsmen was opened here today under the most favorable auspices. The weather was all that could be desired, the water was smooth, and the contests were all good. The races were rowed over the national course on the Schuylkill river, in Fairmount Park, and were witnessed by a great crowd of people. The races were a mile and a half with a turn.

There were three starters in the senior four oared shell race: Argonaut, of Toronto; Ariel, of Baltimore; and Western, of St. Louis. The Ariel got the worst of the start by over half a length. The St. Louis crew did considerable splashing, while the Argonauts showed fine oarsmanship, which enabled them to take the lead. At the turning stake the Argonauts led by a length, while the Ariel were a half length in front of the Western crew. By a splendid spurt the Ariel caught and passed the Canadians, but could not hold the lead, the Canadians won by a length.

Indian Murders.

Port Arthur, July 20.—While the Indian agent, was paying treaty money to the Indians at Heron Bay yesterday, Constable Whalen arrested four Indians named Moses for eight murders that were committed during the last four years around that vicinity. The prisoners were brought here last night and put in jail.

News in Brief.

Thursday, July 22.
The United States forces are preparing to assault Manila.
A Spanish cruiser was destroyed by Sampson's fleet at Nipe.
John McNeill and James Padfield were drowned in Lake Winnipegosis.
Aguiñado has proclaimed himself ruler of the Philippine Islands.
The Mennonite reserves are to be thrown open for general settlement.
Ten Indians and four Japanese were drowned in a storm in British Columbia.
Garcia has withdrawn his forces from the U. S. lines and resigned his command.
Sir James Winter, premier, will present Newfoundland at the Quebec conference.
Three Spanish transports were destroyed by United States warships at Manila.
Twenty-five thousand acres of grain were destroyed by hail in Cass county, North Dakota.
New regulations for cutting timber in Manitoba, the Territories and British Columbia are issued.
The British navy will be augmented by four battleships, four cruisers and twelve torpedo destroyers.

NEWS OF THE DOMINION

Saskatchewan Strikes It Rich in Yukon—Galicians to Arrive—Famer Found Dead—John Parr convicted.

Monday, July 22.
Another party of 115 Galicians will arrive from the east Monday.

Boyd Kibbie, a thirteen year old boy was drowned at Carleton Place while bathing.

John Parr, Mitchell, was convicted on Saturday of setting fire to his buildings early in June. Sentence was deferred.

Alex. Hume, of Calocook, Ont., received word that his two sons, Walter and Joseph were killed at Santiago on July 1st.

The Dauphin Press reports a strike of very short duration among the men on the Dauphin railway extension last week. It was promptly settled.

In a fight at Toronto on Saturday night, Lemons, (colored) Ningara Falls, bested Jim Kilby of Toronto in four lively rounds, when it was stopped by the police. Lemons got the decision.

Rev. Father Morin passed through Winnipeg on Saturday with a party of French Canadians, who will locate in the Moraville colony, north of Edmonton.

The Western Canada Lumbermen's association will hold their annual excursion to Rat Portage next month. Manager Russell, of the Rainy River Navigation company, is making arrangements for the outing.

Hunter Young, of Solkirk, who was the youngest member of the Winnipeg Klondike party, has struck it rich in Yukon and will reach Winnipeg in a few days. He disposed of his claim recently for the neat sum of \$30,000. The fortunate young man is a son of Dr. Young, medical superintendent of the Solkirk asylum.

The steamer City of Alberton, hitherto plying on Rainy Lake, has been secured by the Rainy River Navigation company, and will be posted at Fort Frances into the Rainy river, and will become a consort of the Kenora, to be used for towing barges, and to run on the river in low water. The Alberton will be a valuable addition to the Rainy River fleet.

The representatives of Newfoundland at the forthcoming joint commission, to meet at Quebec to adjust the questions at issue between the United States and Canada, will invite the Canadian commissioners to join in a request to the British government to insist upon stationing a British consul at St. Pierre, to prevent the excessive smuggling now carried on from that French colony to the coast of Canada and Newfoundland.

E. Sydal, a farmer of the Grand district, was found dead on the shores of a small lake three miles from his home. From the fact that a bottle of carbolic acid was missing from the house, and traces of the liquid were found on the body, it is believed that the unfortunate man ended his life by its use, though no reason can be assigned for the deed. He leaves a wife and six children. Three of the children were in Winnipeg attending the exhibition when the sad event occurred.

Prince of Wales Improving.
London, July 20.—A bulletin posted at Marlborough house this morning, announces that the Prince of Wales passed a good night and is making satisfactory progress towards recovery.

Change of Bishops.
Quebec, July 20.—It is strongly rumored that Mr. Gravel is to be translated from the diocese of Nicolet to that of Three Rivers, and that Marois, of Quebec, is to become bishop of Nicolet.

Drowning Accident.
West Superior, July 19.—Dean Palmer and Ned Brown, each aged about twenty and among the most prominent young men of West Superior, were drowned in the lake today while bathing.

News in Brief.
Cibola, Cuba, was captured by the insurgents.
Canadians won several money prizes at Bisley.
Prospects of peace are reported to be greatly improved.
There is no news of General Miles Porto Rican expedition.
The Manitoba cricketers won the international match at Omaha.
Lord Hopetoun or Lord Jersey is likely to succeed Lord Aberdeen.
Guantanamo and other Spanish garrisons have surrendered to Shafter.
A severe earthquake shock destroyed several houses at Tolahuane, Chili.
Troops and supplies are being embarked from U. S. ports for Porto Rico.
John Chambers, of Winnipeg, and his brother, Henry, were drowned in Shoal Lake.
Three hundred and thirty-six new cases of yellow fever have developed in General Shafter's camp.
Grand Lodge A. F. and A. M.
Toronto, July 20.—The grand lodge of Canada A. F. and A. M. opened here today. Wm. Gibson, M. P. P., grand master, read his address and was presented with a handsome gavel made from part of the United States battleship Maine by Frank E. Lodge, deputy grand master of Michigan, on behalf of visitors from that state.
A man sees all that his mother has been to him till it's too late to let her know that he sees it.—W. D. Howells.

WINNIPEG MARKETS.

The following review is compiled from the latest and most reliable market reports, and is up to date.

The same quietness as previously reported has characterized the trade in Manitoba wheat. It is anything more than a quiet offering for sale this week, but as yet not enough to break values below previous quotations, and prices remain steady at 94c per bushel for No. 1 hard in store at Fort William, with No. 2 hard 2c less. One or two small sales have been made at 91 1/2c, which seems to have been the top price arrived at so far as reported to us. These prices compare well with the Duluth quotation for No. 1 hard, which remains at 86c for July delivery, and is about the current value for export to Europe.

Wheat—No. 1 hard, 88c. Fort William, 94c.
Flour—Market is steady at the same quotations as a week ago. We quote: Patent, \$2.55; strong bakers, \$2.35; second bakers, \$2.15; XXX, \$1.25.

Milled—Demand keeps good. Bran, \$11 and shorts, \$13 per ton in bulk; large lots, 50c per ton less.
Ground Corn—Quoted at \$28 to \$31 per ton as to quality for oats. Ground corn is held at \$15 to \$16 per ton. A mixed corn feed is quoted at \$23 to \$24 per ton.
Corn—Corn has been firmer in markets south for the past two weeks. Car lots on track, Winnipeg, are quoted at 43c per bushel of 56 lbs.
Barley—Nominal at 45 to 50c per bu. of 48 lbs.

Oats—There is no local demand for oats. The consumption is light, as corn is being largely used. City dealers are holding enough oats to put them through until the new oats come in, consequently there is no demand here. The price is nominal at 35c to 36c per bushel for 34 lbs, and a few cars pushed on the market would break prices. Farmers will probably have to buy some oats for feed when harvest work begins, and this may lead to an increased demand soon. Any one having oats in the country had better hold them there in preference to shipping here. One car was sold here to go to a country point at 45c.

Cereals—Several carloads oatmeal have come in recently from the States at considerably lower prices than were quoted a short time ago. Cars of rolled feed sold on track here at \$1.00 for 5 lb sacks, with resales in broken lots at \$1.10 per 98 lbs in two 1 sacks.

owing to slow shipping demand for British Columbia points. This week dealers have been paying 15c to 16c at factories for dressed hogs. The price is nominal here at the factories for late June and July goods. Dairy—Market is about the same as a week ago, and values are the same. Buyers have been paying 10c to 11c at country points for round lots of good fresh dairy, as to quality, cheese—7c to 7 1/2c to factories.
Eggs—Steady and firm. Dealers are still paying 12c net for receipts.
Dressed Meats—Market holds steady; we quote dressed hogs at 61 to 7c; beef, 5 to 6 1/2c; mutton, 8c to 9c, as to quality; veal, 6c to 8c; dressed lambs, pelts off, 11c to 12c.

Poultry—Live fowls, per pair, 55c to 60c; spring chickens, 25c to 50c per pair; turkeys, 10c to 11c per lb live weight; ducks, 65 to 70c per pair; geese, no demand.
Vegetables—Potatoes, 25c to 35c per bu.; new potatoes, \$1.20, with a lower tendency. There are no onions in the market except green bunch stock. Pickers are buying now for packing, and they pay 15c per pound for cauliflower, cabbage, 30c to 40c per doz; cauliflower, 30c to 75c per dozen. Green stuffs at 12c for onions, lettuce and radishes; rutabaga, 10c per dozen bunches; carrots and beets, 15c per dozen bunches; celery, 30c to 35c per dozen; green peas in pod, 2c per lb; cucumbers, 75c per dozen.
Hides—Green, No. 1, 7 1/2c; kip, 7c to 7 1/2c; calf, 7c to 8c; deacon skins, 15c to 25c each; sheepskins, 10c to 15c; lambskins, 10c to 20c; horse hides, 75c to \$1.75 each; colts, 25c each.
Wool—Good to choice unwashed Manitoba fleeces, 8c to 9c.
Tallow—No. 1, 3 1/2c, No. 2, 2 1/2c to 3c.
Sassa Root—Nominal, 12c to 15c.
Wood—Tamarac, \$5 to \$5.50; Jack Pine, \$4.25 to \$5; oak, \$5.25; poplar, \$3.50 to \$4.
Hay—New is now offering very freely, and the price has declined to \$5 to \$6 per ton for car lots of baled, standard limited.
Cattle—Grassers, 34c; stock cattle are quiet at \$2.50 to \$2.60 for heifers and \$2.75 to \$2.85 for steers.
Sheep—Easy this week at 3 1/2c to 4c off cars here.
Hogs—Steady at 5c for most desirable. Choice bacon hogs, weighing 150 to 250 lbs, 5c per lb; 250 to 300 lbs, \$1.25 to \$1.75; heavy hogs, over 300 lbs, \$3 to \$4, as to quality, live weight.

increase in Duties Collected.
Toronto, July 20.—Already \$339,000 have been collected as customs in this city, \$114,000 more than last July. Importers are taking advantage of the preferential tariff.
You can never wait too long for a good meal or a good woman.

DR. FOWLER'S EXT-OF WILD STRAWBERRY CURES DIARRHCEA, DYSENTERY AND SUMMER COMPLAINT. Price 35c, at all druggists. REFUSE SUBSTITUTES. THEY ARE DANGEROUS.

Raw From Ear To Jaw.

"I have been for years more or less subject to eruptions on my skin. The left side of my face from the top of my ear to half way down my jaw was in a very bad state—being almost raw, making shaving very painful. I was advised to try Burdock Blood Bitters. One bottle perfectly cured me. I can honestly recommend B.B.B. to all who suffer from any skin disease." G. WHITE, Carleton Place, N.W.T.

B.B.B. cures Salt Rheum, Eczema, Tetter, Shingles, Boils, Pimples, Sores, Ulcers, and all forms of Skin Diseases and Eruptions, from the smallest pimple to the worst scrofulous sore.

DESTRUCTIVE HAILSTORM.

Twenty-five Thousand Acres of Grain Destroyed in Cass County, N. D.

St. Paul, July 22.—About 25,000 acres of grain were totally destroyed by hail in Cass county, N. D. The nearest point of the storm was two miles southwest of Casselton. The storm went over three townships in the shape of a crescent. From statements made by farmers there must have been a meeting of two separate storms, and farms in the line of the first storm were untouched.

Among the principal losers are: D. Dairyville, 4,400 acres; Towler Bros., 3,200 acres; E. J. Green, 1,300 acres; J. D. Trammell, 3,200 acres; F. J. Langer, 1,000 acres; J. Dittmer, 1,000 acres.

When a young man is in love he should press his own suit instead of employing a tailor to do it for him.

THEIR EFFECT LASTING.

When Laxa-Liver Pills Cure Liver and Stomach Troubles the Results are Permanent.

Last spring I had an attack of liver trouble and indigestion and decided to try Laxa-Liver Pills. I found them the best I ever used. They produce effects that are lasting and I believe them to be the best remedy in the world for liver and stomach disorders.

MRS. C. GRIMES, Hazeldean, Ont.

On the Trail.
Toronto, July 24.—High Constable Bissonnette, of Montreal, is in the city, registered under an assumed name. It is said he is here on business for Thibeau Bros., who claim that in a recent assignment, goods valued at \$10,000 were obtained from them under false pretenses. It is also said that another big robbery, by the same parties who robbed the Napanea bank, is being ferreted out, and that several important arrests are about to be made here.

DEAR SIR.—Within the past year I know of three fatty tumors on the head having been removed by the application of MINARD'S LINIMENT without any surgical operation, and there is no indication of a return.

Clifton, N. B. CAPT. W. A. PITT, Gondola Ferry.

Every man's life is a plan of God.—Horace Bushnell.
Minard's Liniment Cures Garget in Cows
Lovers may refuse to say good-bye for ever, and yet put in two or three hours at it.
Minard's Liniment Cures Colds, etc.
By the time some people make up their minds what to do it's too late to do it.
Quickcure cures Tooth Ache. Stops all Pain.
It's hoping against hope when a woman pulls down a folding bed and then looks under it for the traditional man.
Minard's Liniment Cures Diphtheria.
A woman always believes a statement until she heard a contradictory one.
Use Quickcure for Lame Back, Sprains, Strains, &c.
Some men are too lazy to acquire a door from which to keep the wife.
Minard's Liniment Cures Distemper.
A man always imagines he wants the earth until he gets sick.
Prince of Wales Improving.
London, July 19.—The Prince of Wales, who is suffering from a fracture of the left knee cap, is making satisfactory progress towards recovery, although he passed a restless night.

The Moose Jaw Times.

FRIDAY, JULY 29, 1898.

LOCAL AND GENERAL NEWS.

N. F. Davin, M.P., arrived from Regina this morning.

Supt. Milestone visited Brandon in his official car this week.

Miss Murray left this week on a visit to her parents in Manitoba.

Mrs. Miln, of Kamloops, is this week the guest of Mrs. Geo. Glasford.

Mrs. Jno. Shields and family, of Edmonton, is visiting her father, H. Battell. Miss Howett, a sister to Mrs. Jas. Wilson, of Edgeley, is visiting friends at this place.

Fred. Crapper of Regina was in town on Saturday, visiting his father-in-law, Henry Bates.

Mrs. Mannahan, and her sister, Miss Miller, of Lenark, Ont., are the guests of Mrs. Geo. Hysop.

Land Inspector Rodgers has returned from a trip to the Qu'Appelle Valley and reports everything in that locality O.K.

Mr. and Mrs. Allison, of Lethbridge, arrived from the west yesterday evening on a visit to Mrs. Allison's mother, Mrs. McLeod.

Rev. J. C. Cameron, who is now spending a holiday with friends at Sinaluta, has been very ill with tonsillitis, but is now better.

J. H. Kern's brick yard staff have not been idle since the putting in of the new press. Already they have turned out nearly 80,000.

The services in the Presbyterian church next Sunday will be conducted by Wm. McLeod, the Missionary in charge of the Cottonwood field.

W. H. Wallace, eye specialist, graduate of Toronto and Detroit optical institutes, will be at the Windsor on August 4th and 5th. See advt.

Mrs. Wilcox, of Owen Sound, who has been visiting her son, Chief Despatcher A. Wilcox of the C. P. R., for the past month, returned home last Sunday afternoon.

Service will be held at Barlee's, Buffalo Lake, at 3 p.m. on Sunday, July 31st. There will be a meeting afterwards to arrange about the furnishing and, as far as possible, the completion of the church.

A couple of promotions have taken place in the C. P. R. train service this week. Brakeman Robt. Hunt is now conductor, and fireman W. Delbridge is now Engineer. Wm. Hannah, jr., is on the breaking list and Mr. Mannahan, of Fort William, is the latest addition to the roundhouse staff.

A PURE GRAPE CREAM OF TARTAR POWDER

DR. PRICE'S CREAM BAKING POWDER
Awarded Highest Honors, World's Fair Gold Medal, Midwinter Fair

Mrs. McTavish is visiting friends at Brandon.

T. B. Baker paid his ranche a visit yesterday.

Miss Cameron returned this morning from Winnipeg.

Jno. Tucker, of the McCormick Co., was in town on Wednesday.

School Inspector Hewgill is paying an official visit to the rural districts.

Mrs. R. H. Lowe, wife of Roadmaster Lowe, returned home this week from Regina.

Last Tuesday our creamery manufactured 1216 pounds of butter. This is a Territorial record smasher.

Mrs. Powels returned home to Winnipeg last week after spending a fortnight with her sister, Mrs. Jno. Furniss.

Mrs. Boyd, of Carberry, arrived last Saturday and will spend a fortnight with her daughter, Mrs. J. T. Simpson.

Mrs. Wm. Grayson returned home last Saturday after spending a couple of months with her parents at Sidney.

C.P.R. train despatcher E. S. Hunt has left for the west on his summer holidays. Despatcher Hutton, of Winnipeg is relieving him.

Jas. H. Ross, Commissioner of Public Works, passed through Wednesday evening en route to Regina after an absence of four weeks.

Mrs. Wright, wife of Engineer Thos. Wright, of Ft. William, left last week to visit friends at Broadview and has since returned home.

H. U. Rorison's fireguard outfit have completed the work on the Soo line, having made the round trip of 334 miles in twenty days.

Dr. Turnbull, Hamilton Lang and J. K. Stevenson have returned to town after a week's rustication at the doctor's ranche at Yellowgrass.

Several more cases of diphtheria have developed this week. The disease was brought from Broadview. The first case has been cured and the rest are under quarantine.

In reporting the nuptials of Miss Gilmore and Andrew Moffatt last week, we inadvertently stated that the bride was dressed in cream "sateen." It should have been cream "satin."

This week one of our readers in the Pasqua settlement writes us: "Please accept my hearty congratulations on the success you are making of THE TIMES. The late improvements in the paper are quite noticeable and cannot fail to be appreciated by its many readers."

Insp. Parry and the constable in charge had an exciting time Monday evening arresting Ernest Gagon for being drunk and disorderly. They succeeded in locking him up, and the following morning he appeared before Police Magistrate Green and was fined \$10.00 and costs.

J. L. Green, customs inspector at North Portal, accompanied by a daughter-in-law and a sister of Mrs. Richard Green, returned home to Minneapolis last Saturday after spending a few days as the guests of the latter, who is also a daughter-in-law of Mr. Green.

Messrs. H. Ferguson and T. B. Baker visited the ranche of Chas. Edwards, on the Little Arm, last week, arriving home on Saturday. Every time these two gentlemen make a joint visit to the country, it is sure to rain, and last Saturday was no exception to the rule.

Gangs of workmen engaged in stringing the new copper wire with which the C.P.R. is connecting the Atlantic and Pacific have reached the neighborhood of Balgonie and may be expected here next week. All the telegraph poles between here and Greffell are being replaced by new ones.

For the past month it has been our pleasant duty to chronicle one or more "happy events," but this week, for some unknown reason, we are denied the pleasure. We do not take it badly, however, for if rumors prove true our clergymen will have their hands full ere the snow flies.

This year the local sales of creamery butter are much larger than heretofore. Up to the present 2114 pounds have been disposed of for \$410.62, the prices realized being 19c. and 20c. 380 pounds were shipped to Lethbridge and 224 pounds to Swift Current, the balance, 1500 pounds being disposed of in town.

A little girl, about eight or ten years old, was the cause of delaying Monday's No. 2 at Pasqua for 15 minutes. While the engines were changing here she was on the platform but the train pulled out before she was missed. No. 2 was held at Pasqua until the arrival of the Soo train, fifteen minutes later, when the little mite joined her parents.

Judge Wetmore, Sheriff Murphy (of Moosomin) and Levi Thomson, crown prosecutor of Eastern Assiniboia, were in town on Wednesday en route to Estevan to try the case of Walter Weir and Ernest Scomer, who were taken down in charge of two c. nstables, and who were charged with having stolen goods found in their possession. Sheriff Murphy went down to swear in the jury, and Levi Thomson to prosecute the case. W. B. Willoughby is defending.

"The Country Boy,"

is often the subject of a good deal of ridicule at the hands of the "town folk," and his first visit to the city is always a refreshing topic for the lighter moments. But our opinion is that there is very little difference between the "country boy" who went to a hardware store for a soda water drink and got a dose of washing soda instead, and many who go shopping to-day. Of course the boy made a sad mistake in going to the wrong store and paid the penalty--just like many of his seniors who should know better. A drug store is the place to buy drugs, a hardware store the place to buy hardware, a dry-goods store the place to buy dry goods, and "The Model Grocery Store" is the place to buy your groceries. We want you to remember this when making out your shopping list. We earn our living by selling groceries, hence we would not pay us to sell you an inferior article, or ask a price that would not bring you back again.

J. A. McLEAN.

Miss Veazey, a Methodist missionary to Japan, spent an hour in town yesterday as the guest of Mrs. Jno. Bellamy while returning to Kanazawa after spending a year's furlough with friends in New Brunswick.

Mrs. Jas. Thompson, who has been visiting friends at Rib Lake, Wisconsin, since her husband left for the Klondyke two months ago, left that place on Wednesday for Brucefield, Ont., where she will reside until returning to this district.

"IN SICKNESS AND IN HEALTH."
Man and Wife Join Hands in Proclaiming the Great South American Nerve King of Cures for Stomach Trouble and Nerves.

Mr. S. Phillips of Warton, Ont., writes: "I was very much emaciated by chronic dysentery and dyspepsia for a number of years. No remedy or no physician seemed to successfully cope with my case. When all else had failed I read of the cures being effected by South American Nerve. I decided to give it a trial. Before I had taken half a bottle I was much improved and felt greatly relieved. A few bottles of it have made me a new man. I am better and healthier than I had felt for years." His wife was also a great sufferer from stomach trouble and headaches. She says: "Seeing the effect it was having on my husband, I tried it also. The remedy gave me almost instant relief, and has cured and made a strong woman of me." Sold by W.W. Bole.
